

## **007 (Friday): Reviving vintage (underserved) graphics hardware on X Server**

I will discuss my effort to maintain, bug fix, and further develop vintage (underserved) graphics hardware device drivers. I will go over the accomplishments in this area so far, future plans, and challenges of working with older generation hardware in today's world.

### **Code of Conduct**

Yes

### **GSoC, EVoC or Outreachy**

No
